SUMMARY OF CLINICAL EXPERIENCE

Santosh Dental College is one of the leading post graduate dental institutes of North India. It caters to a large population in and around the state of Uttar Pradesh. All the latest diagnostic and therapeutic modalities are available at the centre. I have been involved in the teaching of undergraduate and post graduate students and in guiding the thesis and research work of post graduates. Patient management involves various cases pertaining to complete dentures, cast partial dentures, fixed partial dentures, overdentures, post & cores, esthetic restorations etc. Undergraduate theory and practical teaching classes, Case presentations, journal clubs and seminars are a regular feature at the college.

Running a successful private practice for the past 10 years
(Wisdom Bites Dental Clinic & Implant Center)

RESEARCH

Guiding research work and thesis of post graduate students.

Thesis for M.D.S. in Prosthodontics

“A Radiographic study to determine the effects of impact reduction on residual ridge resorption”- conducted under the guidance of Dr B.R. Chetal and Dr Aman Arora, submitted to the Kurukshetra University in May 2005.

Library Dissertation

“Recent advances in veneering materials” done under the guidance of Dr B.R. Chetal and Dr Aman Arora.
